

its men to have up to four wives and they will surely sue in the courts and claim that it is their right to have their own harem. Those pushing for the repeal of DOMA are pushing, not only for the failure of American marriages, but of the nation itself; for as the home goes so goes the nation. We urgently need a constitutional amendment that defines marriage as being between one man and one woman. jimewaldron@hotmail.com

11/11/11

The above date, though it simply designates a day on the calendar, is very unique in that there will not be another like it for a hundred years. Not only so, but it is taking place just ten days (October 31, 2011) after the United Nations announced that the world population had reached 7,000,000,000 (seven billion); and that it had done so in just twelve years, <http://knowledge.allianz.com/?1550/world-of-sevenbillion>. Here in India at the Northeast Bible Institute the students and staff will fast and pray for twenty-four hours from breakfast on the morning of the 11th until breakfast on the 12th for the billions that have not heard. This step is taken in light of the example set by the church at Antioch: "***As they (prophets and teachers) ministered to the Lord and fasted, the Holy Spirit said, "Now separate to Me Barnabas and Saul for the work to which I have called them"***" (Acts 13:2). These prayers were heard and the first of the great missionary journeys grew out of it.

We will pray intensely for these masses, but even more so, that we who are His servants in this generation may realize the urgency of telling the earth of the church of Christ, designed according to the Devine pattern laid down by the Spirit through the apostles (2 Tim. 1:13). For it is written, "***For whoever calls on the name of the LORD shall be saved. How then shall they call on Him in whom they have not believed? And how shall they believe in Him of whom they have not heard? And how shall they hear without a preacher? And how shall they preach unless they are sent?***" (Romans 10:13-15).

THE GIRL SCOUTS TO CELEBRATE 100 YEARS

Jim E. Waldron

The Girl Scouts of the United States of America (GSUSA) celebrated 100 years of existence during its 52nd National Convention on November 10-13," (lifeneews.com), but the organization today is a far cry from what its founders intended for it to be in 1911. Continually today its leaders promote the immoral agenda of the ultra left. This convention will feature pro-abortion and lesbian speakers, who strongly oppose the concept of marriage as it was given by the one great God at the beginning for all humanity (Genesis 21:27; 2:22-24; Matthew 19:6-9).

See, <http://www.lifeneews.com/2011/10/28/girl-scouts-convention-features-pro-abortion-speakers/>.

This is not to say that the average leader in the girl scouts across America holds these ideas, but their national leadership is dominated by such. Therefore those who love God and their children should heed the admonition from heaven, which was given at the end of the first century when God fearing people were called out of the corrupt society of Rome, "***And I heard another voice from heaven saying, "Come out of her, my people, lest you share in her sins, and lest you receive of her plagues"***" (Revelation 18:4).

The continued affinity of the GSUSA national leaders with Planned Parenthood and their promotion of anti-home and family propaganda is in truth anti-Christ (See 1 John 2:18). Since the infamous ruling (January 22, 1973) known as Roe v Wade, that was based on a non-existent right in the constitution, **53,310,843** American babies have been torn from their mother's womb in a most excruciating manner. Annually 1.2 million lives are currently being snuffed out; and Planned Parenthood is the greatest promoter of such slaughter houses for unborn children in the United States with their facilities alone destroying **332,278 babies in 2009** (National Right to Life News (NRL, news p.10). Their hands drip with the blood of innocents (Cf., Jeremiah 2:34; 19:4; Psalms 106:37-38).

Militant feminists intensely hate the 6th and 7th commandments: *"You shall not murder"* and *"You shall not commit adultery"* (Exodus 20:13, 14; and Romans 13:9). The GSUSA has been taken over by leftwing radicals who hate the very concept that sexual purity is found in marriage; even as it is written, *"Marriage is honorable among all, and the bed undefiled; but fornicators and adulterers God will judge"* (Hebrews 13:4). The bed of marriage is right and honorable among all nations, but the practice of fornication and adultery is an abomination to any society. Well did the wise man say, *"Righteousness exalts a nation, but sin is a reproach to any people"* (Proverbs 14:34).

Not only so, but these leftwing extremists do not care for God, nor the fact that He, *"hates hands that shed innocent blood"* (Proverbs 6:17). This capture of the girl scouts by such illustrates how strongly Satan and those who serve him are anxious to destroy the home and family as God at the beginning planned it (Genesis 21:27; 2:22-24; Matthew 19:6-9). Please pass this on in order that all America will pull their children out of GSUSA. For further information Contact, LifeNews.com, Washington, DC, 10/28/11 5:39 pm. jimewaldron@hotmail.com.

DEBT AND THE BIRTH DEARTH

Tennessee Eagle Forum News, Bobbie Patray, editor

A number of important trends were revealed by the latest Census data, but none more important than the dynamic between demographics, economics, and morality. Yet the connection between the birthrate and American debt has been overlooked, in part because the nearly 10 percent increase in U.S. population from 2000 to 2010 hides the underlying drop in birthrate to its lowest levels in nearly a century. The vast majority of the decline in birthrate over the last decade has occurred since 2008, and the fertility rate in America also dipped below replacement levels in 2009, to a low of 2.01 children per woman (the replacement rate is 2.1).

While the intergenerational effects of these declines will continue to ripple forward through time, the dearth of births America has undergone in the last three decades is having profound consequences today. Former Pennsylvania senator and presidential hopeful Rick Santorum blamed the current public debt crisis in America on an "abortion culture." Although Santorum's comments will certainly be harshly criticized, the culture warrior's contentions on this issue ring true. Focusing especially on the solvency of Social Security, Santorum said that "the design would work a lot better if we had stable demographic trends."

There are a host of reasons that the birthrate in America has declined over the last 40 years. Santorum points rightly to the legal and cultural shift inaugurated with the nationwide legalization of

abortion in 1973. And in the past decade, we have seen the pursuit of a radical environmental agenda by fringe elements that have characterized human

life as inherently destructive and harmful to the natural world. The broader cultural implications of this kind of misanthropy should not be underestimated.

PERCENTAGE OF CHILDREN IN THE U.S. HITS LOW

WASHINGTON—Children now make up less of America's population than ever before, even with a boost from immigrant families. And when this generation grows up, it will become a shrinking work force that will have to support the nation's expanding elderly population—even as the government strains to cut spending for health care, pensions and much else. (bobbie@tneagleforum.org)

Senate Holds Landmark Hearing on Repealing DOMA

Tennessee Eagle Forum News, July 20, 2011 12:43 PM
The Senate held the first ever hearing on the Respect of Marriage Act, which would repeal the 1996 Defense of Marriage Act and extend to legally married same-sex couples the same benefits and protections provided to heterosexual married couples. (Arguments pro and con were presented, e.g.,)

"Traditional marriage is a sacred institution and serves as the cornerstone of our society. We cannot afford to devalue it with legislation like S. 598, and we must oppose any effort that would diminish the definition of marriage," Rep. Steve King, R-Iowa, said. "The other side argues that you can't choose who you love and that a union between two men or two women is equal to that of one man and one woman. But these are the same arguments that could be used to promote marriage between fathers and daughters, mothers and sons, or even polygamist relationships." (bobbie@tneagleforum.org)

NOTE BR WALDRON: The Defense of Marriage Act (DOMA) was passed by a Republican congress while Bill Clinton was in the White House, but now the so-called progressives are pushing for it to be repealed: yet it is true, if it is removed, not only will same-sex unions be called marriages, but even polygamists will get into the act of pushing their life-style. It should not be forgotten that Islam allows
